

## **Player Cards are required for all players, managers, and coaches**

Please read the following instructions to prepare these cards. You will submit cards and the signed game sheet to the referee BEFORE each City Tournament game.

Notify Association Registrar Paige Blomsø right away if your card packet is incomplete ([pfbloomsø@hotmail.com](mailto:pfbloomsø@hotmail.com)).

### **How to Prepare your Membership Passes/ Player Card**

**Tear the card down the middle, along the perforated edge – you keep the white pass card, while the blue membership card is to be given to each player.**

- Verify that all information on the front of the pass is correct
- Legal names are mandatory.
- Laminate card- \*REQUIRED- this can be done with individual sleeves available at drugstores and office supply stores or by machine available at Kinko's or other copy stores.
- The manager should attach all the (white) passes, both coaches and players, on an "O" ring, so they are kept together to be easily handled by the referee.

The Membership Card (The Blue Part) belongs to the player for verification of proper registration with WSYSA.

**Please note: players and coaches are no longer required to sign their card.**
