

Overall Concept Plan

Basic scope of work:

- Provide accessible route from north connecting to different use areas.
- Playfield Renovation including drainage, irrigation, soils, and amenities. Replace hoop style backstop and dugout for softball field.
- Play Area Renovation including adding play area for age 2-5, new play equipment, accessible safety surfacing, and seating.
- Court Renovation: Provide asphalt overlay and color surfacing for tennis/pickle ball/badminton.
- Remove extensive asphalt area. Provide one full size basketball/futsal soccer/volleyball multi-sports court.
- Provide open lawn area, shade trees, and seating areas to replace extensive asphalt.
- Enhance entrance/park identity and street front landscape and irrigation.
- Plant trees to replace dead/removed trees.
- Provide accessible restroom.

Potential items if budget allows:

- Add accessible route from southwest corner
- Add loop trail for walking & jogging
- Add adult exercise area
- Repair southeast path and northwest path
- Incorporate art
- Incorporate rain garden
- Add shelter structure
